Parish Emergency Plan.

Proposed by Mr E.E. Cole.

Seconded by Mr T. Gibson.

That the scheme continue in its present form for another year.

Norfolkland - Black Spot.

Mr R. Cole reported to the council that action was being taken by the County Council to improve this site. However, the council were not happy that the right action was being taken. It was eventually decided that, no lesser person than the chairman, should contact our District councillor. - R. Holloway Esq.

Audit.

It was noticed that the P.C.C., a fully constituted + elected council, are referred to as a "Parish Meeting". Mr Gibson said "surely it cannot have escaped their attention that we are an elected council?" It was decided that at the next Audit the clerk should tell the Auditor of the council's disarray!

For the clerk's expenses for taking + returning the A/c should be at a rate of 20p per mile. Last year the mileage was in excess of 45 miles. The clerk agreed to hold the mileage at this figure for (81-82).

The above proposed by:- Mr R. Cole.

Seconded by:- Mr T. Gibson.

The being no further business the Chairman brought the Meeting to a close at 2100 hours Chairman.

That the Council, in line with Government's request, should halve their previous year's monies and only Precept on £70-00. This was carried unanimously.

Parish Emergency Plan. - Representative (HOME Defence Adviser).

After lengthy discussion of the pros and cons of appointing a non-farming member of the community. The Chairman proposed the the clerk undertake the job. This was seconded by Mr Gibson and was unanimously supported by the rest of the Council. Rather too quickly (Clerk's comment). The clerk was instructed to inform Area County Emergency officer.

Devon Association of Parish Councils.

The Council were all in favour of continuing Thelbridge Council's membership. Although much of the data supplied is irrelevant to our Council it was succinctly put by Mr Gibson that

it is rather like a telephone directory. Many of the names you don't need, but the few are invaluable.
